Property sold AS-IS, WHERE-IS. This 3-bedroom home in Rock Island has had renovation started but not completed. You have the opportunity to truly make it your own. There had been 2 bedrooms, a living room, a sunroom, and a kitchen on the main level. The former sunroom could easily become a personal oasis to simply rest and relax at the end of the day or enjoy a sunrise or sunset over a cup of the beverage of your choosing. The upper level had a bedroom and loft area. You will find the laundry and mechanicals in the basement. This home is ripe for a new owner's imagination and has as much potential. Gutted to studs. Use extreme caution inside.
